

# The Merton Primary School

*To be the best we can be.*

## Weekly Learning Review - Year 2 24.9.21

### In Maths this week:

- We have been consolidating our knowledge of knowing the value of a digit in a two digit number.
- We have been comparing and ordering numbers from 0 to 100.
- Using the symbols less than, greater than and equal to.

### In English this week:

- We have continued to practise writing question and statement sentences.
- We started our new topic of learning: Castles! Independently we thought of questions we wanted to find out about castles
- Using these questions our teacher produced a reading activity for us to complete.

### Other:

- Science: This week we have been finding out how the shapes of solid objects made from some materials can be changed. We looked at different materials, we bent, twisted and squashed them to see if they changed shape.
- Geography: We have started to look at what physical features are. We learnt that a physical feature is a feature that has been formed by nature such as rivers and mountains.

### Homework

- Spelling homework: Please practise the spellings. They are given out on a Monday and are to be returned the following Monday for your spelling test.
- Maths homework: Big Maths Beat That. Homework given out on a Friday and to be returned the following Friday.
