My name is:	Je m'appelle ...
How old are you?:	Quel âge as-tu?
I am ___ years old:	J'ai ___ ans

Making a difference at The Merton

Our journey into Modern Foreign Languages begins with a warm welcome to France - Bienvenue! During the first term of learning the language, children will discover how to greet others in French, ask and answer basic questions and apply some of their knowledge of French numbers (up to 10). Children will be inspired to develop their newly obtained skills through interesting learning opportunities with real life contexts. Lessons will focus on introducing listening, speaking, reading and writing in French. Children will also develop their intercultural understanding by learning basic facts about the country, France.

Numbers Up To Ten

English: French Spelling (Pronunciation)

One: un (uhn)	Two: Deux (deuh)
Three: Trois	Four: Quatre (catreh)
Five: Cinq (sank)	Six: six (seece)
Seven: Sept (set)	Eight: Huit (wheat)
Nine: Neuf (nerf)	Ten: Dix (deece)

Making a difference at home

Can you use some of the translations on the sheet to practise having a conversation with someone at home? You could always record it and listen back to check your pronunciation.
