## Making a difference at The

The principal aim of RE is to engage pupils in systematic enquiry into significant human questions which religion and worldviews address, so that they can develop the understanding and skills needed to appreciate and appraise varied responses to these questions, as well as develop responses of their own. This unit enables pupils to find out about sacred books from more than one religion. Pupils begin by recapping their work on special books and thinking about what makes a book 'holy'. They then move onto looking at stories and teachings in holy books and finding out what these mean for believers. Pupils learn how different holy books are treated and that some stories appear in more than one book.

## Making a difference at home

- At home can you find any books which are special to you? Why are they special?
