

The Merton Primary School

To be the best we can be.

Weekly Learning Review - Year 1 25.11.22

In Maths this week we have been learning to understand subtraction as taking away. We started off by using our number bonds to find the missing part. Then we explored take away by crossing out. We then solved subtraction number sentences and solved subtraction stories.

There are 7 counters altogether. How many are there inside the bag?

In English this week the children have been reading and listening to instructions. We have been exploring the different bossy verbs that are used. We decided to make sandwiches and a fruit pot for a friend in our class. It was delicious! We then wrote instructions on how to make the sandwich in case they wanted the sandwich again.

Other:

- In DT this week we tasted different sandwich fillings and fruit to decide which were our class favourite's! We then practiced our spreading and cutting techniques. The children thoroughly enjoyed having an extra lunch this week!
We used the bridge and claw maybe you could practice these safely at home with your grown up!
- In PSHE this week we talked about who we can talk to if we feel unhappy or that we are being bullied.
