

The Merton Primary School

To be the best we can be.

Weekly Learning Review - Year 1 27.1.23

We have been learning to read, write and recognise numbers to 50 this week and are developing a good understanding of place value within 50. The children have been counting on from different numbers, both forwards and backwards- to and from 50.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

In English we continue to be experimenting with the different features of the three little pigs. There are lots of words in this story that end in the suffix /ed/. For example, The big bad wolf huffed and puffed. The children have been learning to read and spell words ending in this suffix and are looking forward to using this skill when they write an alternative ending to the story.

Other:

- In art we have been looking at the work of Dan Hogman and practicing our sketching skills by experimenting with lines when drawing shapes
- In Science we have been looking at the diets of arctic animals and sorting them into carnivores, herbivores and omnivores
- We are becoming very skilled dancers –this week we performed dances in pairs to the count of 8!
- Next week we plan to carry out a local traffic survey and will therefore need our counting and recognising to 50 skills! Look out as you are out and about for numbers in the environment...
