## Weekly Learning Review - Year 3

In Maths this week we have:

- Used decimal tenths on timers to time and order how long it took us to complete jigsaws.
- Recapped previous learning about shapes and made 3D shapes from nets with different equipment.

In English this week we have:

- Compared and discussed two different versions of the story of Cinderella.
- Planned and written our own version of the story of Cinderella over a few English sessions.

Other:

It's British Science week(s) over the next few weeks:

- We made careful observations and drew diagrams explaining what had happened in a plants investigation we set up last week.
- We had an exciting assembly from a pyrotechnic display pilot to inspire us with STEM ideas. We then looked at different paper plane designs, ready to make our own for a competition.
- Art - we used clay to make canopic jars ready for our Year 3 museum, which we are really looking forward to hosting for you all next week.

This week's homework:

- Spelling - Further challenge words
- Maths - Exploring 2D and 3D shapes.
