

The Merton Primary School

To be the best we can be.

Weekly Learning Review - Year 6

17.3.23

In Maths this week we have:

- Been recognising 3D shapes based on their 2D properties.
- Been revising key facts linked to our geometry learning.
- Been using and apply our key facts to help us to solve a range of different problems.

In English this week we have:

- Been publishing our instruction texts linked to how to stay safe in an earthquake.
- Been learning how to use the present perfect tense.
- Been applying a range of reading skills to different texts.

Other:

- This week, in R.E., we have been considering the sacrifices which Christians believe Jesus made. We then considered the things that we would be prepared to sacrifice in order to make a difference to the world we live in.
- We have been looking at the rescue efforts that charities have been making to support those who have been impacted by the recent earthquake in Syria and Turkey. We used our maths skills to help us to see what resources are needed to help out.

This week's homework:

- Maths-practising our Year 6 key skills.
- Spelling-learning our key spellings.
- Reading-daily reading.
