

EYFS - Spring 2 - Literacy Knowledge Organiser

Making a difference at The Merton and beyond

During this topic the children will be immersed in the language linked to farming. They will access different types of genre including non-fiction and fiction. They will start by looking at non-fiction (in both text and video form) to find out facts about different animals they may find on a farm. They will then look at the book Farmer Duck and explore the different jobs that need doing on a farm. They will sequence the story and think of new jobs that need completing on the farm. Children will have the opportunity to visit a real working farm and reflect on their visit and what they see. During Oliver's Vegetables children will explore how to grow plants and write instructions.

What I already know...

Some of the phase 3 sounds, graphemes and tricky words for this phase. I know how to write a simple caption or sentences about a picture. I can label a picture. I know facts about jungle animals. I know similarities and differences between ourselves and other communities. I can write instructions.

What I will learn...

To know, use and understand subject specific vocabulary e.g. harvest, combine harvester, crops, dairy, poultry and teaching them a range of names of animals.

To use sentence stems and begin to articulate in full sentences when responding to a question.

To listen and learn a range of stories. It will provide an insight into the life of a farmer.

To learn how to develop their discussion skills by working with a talk partner or small group during carpet activities. Children will be provided the opportunity to articulate their thoughts and ideas in sequence.

To write facts about farms: A farm is a part of land that is used for raising animals or growing crops. There are different types of farms e.g. dairy and poultry farms. UK farms often grow crops such as wheat, barley and vegetables. UK farms often raise a range of animals such as cows, sheep, chicken, goats and pigs

To explore the story of Farmer Duck, experiment and create a change.

To write instructions for planting.

To write sentences about farm animals.
