

Getting ready to move into Year 2

Soon, I will be moving into year 2. Some things will be different but lots of things will stay the same.

The children in my class will stay the same but we will have a new name.

The names of the Year 2 classes are the Foxes and the Badgers.

The inside of the classrooms look like this.

I will come in through these doors.

My wellies are kept in the racks.

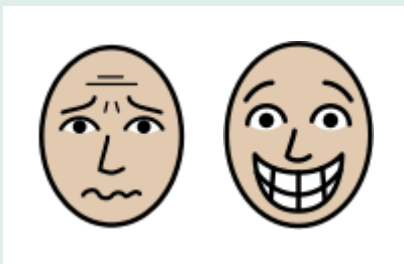

If I have a packed lunch, it is kept on the trolley.

The toilets I use look like this. They are next to the cloakroom.

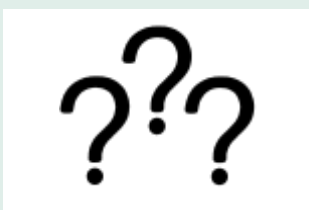

During lunch times and break times, we play in the playground.

It is normal to feel both excited and nervous about starting a new class.

We will do lots of fun work this year. There will be lots of new learning but the adults will help me and it won't be too hard.

If I have any questions, I can ask an adult. They will be able to help me.
